

## **CITY OF LEBANON 2021 LEAF COLLECTION SCHEDULE**

Collection shall commence Monday, November 1st at 7:30 a.m.  
Collection will end December 5th or the first snowfall, whichever  
occurs first.

Collection will be for **leaves only**, piles with branches, grass or other yard waste, animal waste or extensive amounts of fruit/nut debris will *not be picked up*. This is followed without exception.

Collection will take place on a weekly schedule. All residents are encouraged to place your leaves street side the weekend prior to each collection week. Understanding that the volume of leaves will increase as the week(s) progress the City crew will attempt to collect leaves each week; however as the volume increases it may take a bit longer.

Residents are encouraged not to place leaves out during the week once they have been collected for the week but to wait until the next weekend prior to the new collection week. We must continue to minimize these floatables during any rain events where the stormwater system is concerned and ask for your cooperation accordingly.

Please place un-bagged/un-tarped material in the gutter line 1 foot from the curb. When placing leaves in the gutter area of the street, avoid blocking the storm drains and intersections. Leaf piles must be 10 feet from vehicles for collection.

Yard waste center key cards are available for purchase in the Public Works Department of the municipal building for a fee of \$40.00 for new and \$35.00 for renewal.

Questions can be directed to Public Works at 717-228-4490
