MONDAY, JULY 1 - WEDNESDAY, JULY 3, 2019
9:00 a.m. - 12:00 noon

**Stoever's Dam Park - Nature Barn,
946 Miller Street, Lebanon, PA 17046**

Nature Camp will utilize an outdoor, hands-on setting to provide science education for children ages 7-12 years old. Campers are sure to have a blast observing nature up close and spending most of their time outside through the Camp's emphasized experimental learning.

On Tuesday, July 2nd, Jack Hublely will provide his "Critters Beyond Your Backyard" program at 10:30 A.M. This one-hour event will be open to the public for the first 100 students. People of all ages may attend this particular event.

The program is free to Lebanon City residents. City residents will be given priority to sign-up. Non-City residents will be charged \$20.00 for the camp. Registration is required.

We hope to see you there!
