i. Introduction

The City of Lebanon, Pennsylvania, first prepared a Consolidated Plan (CP) at the direction of the U.S. Department of Housing and Urban Development (HUD) in 1995 for the period 1995 to 1999. Strategic plans for the period 2000 to 2004, 2005-2009 and 2010-2014 have been prepared. This Annual Plan has been developed to implement the strategies outlined in that Plan 2010-2014.

Under the Consolidated Plan regulations, HUD combined the applications and reporting requirements for four formula-based Federal grant programs: Community Development Block Grants (CMG), HOME Investment Partnerships (HOME), Emergency Shelter Grant (ESG), and Housing Opportunities for Persons with AIDS (HOPWA). By combining the process for these grants, HUD intended that communities develop a comprehensive vision that encompasses affordable housing, adequate infrastructure, fair housing, enhancement of civic design, vigorous economic development combined with human development and a continuum of care for helping the homeless.

The goals of the Federal programs covered by the CP are to "strengthen partnerships among all levels of government and the private sector, including for profit and nonprofit organizations, to enable them to provide decent housing, establish and maintain a suitable living environment and expand economic opportunities for every American, particularly for very low-income and low-income Americans." The CP has required the City of Lebanon to state in a single document its plan to pursue these goals for all the housing, community development and planning programs. It is these goals against which the CP and City's performance under the CP will be evaluated by HUD.

The CP is also a prerequisite to receiving funds under the following Federal programs:

- HOPE I - Public Housing Homeownership
- HOPE II - Homeownership of Multi-Family Housing Units
- HOPE III - Homeownership of Single Family Homes Low Income Housing Preservation
- Section 202 - Supportive Housing for the Elderly
- Section 811 - Supportive Housing for Persons with Disabilities
- Homeless Assistance Programs. - SuperNOFA
 - Supportive Housing Program
 - Single Room Occupancy (SRO) Housing
 - Shelter Plus Care
- Revitalization of Severely Distressed Public Housing
- Youthbuild - Hope for Youth
- John Heinz Neighborhood Development
- Lead-Based Paint Hazard Reduction
- Competitive HOPWA grants

Other programs do not require consistency with an approved CP. However, HUD funding for the Section 8 Certificate and Voucher Programs are to be made in a way that enables the City to carry out its CP action plan.

The City has developed a single, consolidated planning and application document in consultation with public and private agencies. This document encompasses the application for only the Community Development Block Grant (CDBG) Program. The City is not an entitlement community for the HUD HOME Program, Emergency Shelter Grant (ESG) or Housing Opportunities for Persons with AIDS (HOPWA) funding. The City competes at the state level for funding for these programs.

The CP serves the following functions for the City:

A *planning document* that enables the City to view its HUD funding, not in isolation, but as one tool in a comprehensive strategy to address housing and community development needs.

An *application* for Federal funds under HUD's formula grant programs, in particular the CDBG Program.

A *strategy* to be followed in carrying out HUD programs; and

An *action plan* that provides a basis for assessing performance.

In the needs and strategy parts of the Plan, the City considered not only the needs that have been identified by the local governing body and administration, but the needs of other public agencies and non-profit organizations that provide valuable services to the community. The input received from the community at-large was incorporated as well.

Public Participation Process: Two public hearings were held to solicit input for the plan. The first, held July 22, 2013, was designed to receive comments on housing and community development needs and requests for funding from non-profit agencies. The second will be held October 24, 2013, 4:45 p.m. Notice of both hearings were advertised and a notice was mailed to human service agencies serving the City.

Citizens wishing to comment on the plan may do so at the public hearing or in writing to the Office of Community Development, Municipal Building, 400 N. 8th Street, Lebanon, PA 17042

b. Resources

1. FEDERAL RESOURCES

The City of Lebanon is receiving \$659,269 as its F.Y. 2014 CDBG entitlement amount. In addition, the City will receive approximately \$20,000 in program income. This sum is expected from loans that are being repaid to the City.

The City of Lebanon may receive HOME funds through the Commonwealth of Pennsylvania since the City is not a HOME entitlement community. The City is not an entitlement community for Emergency Shelter Grant funds nor HOPWA funding.

The Lebanon Housing Authority anticipates receiving federal funds during F.Y. 2014. The Housing Authority receives an annual Capital Fund Program entitlement and anticipates receiving Section 8 Rental Assistance funds.

2. OTHER RESOURCES

As noted above, the City received an allocation of HOME Program funds from the Commonwealth of Pennsylvania in the amount of \$500,000 in May 2010. These funds would be used to support housing rehabilitation and homebuyers in the City of Lebanon during 2010 through 2014.

d. Geographic Distribution

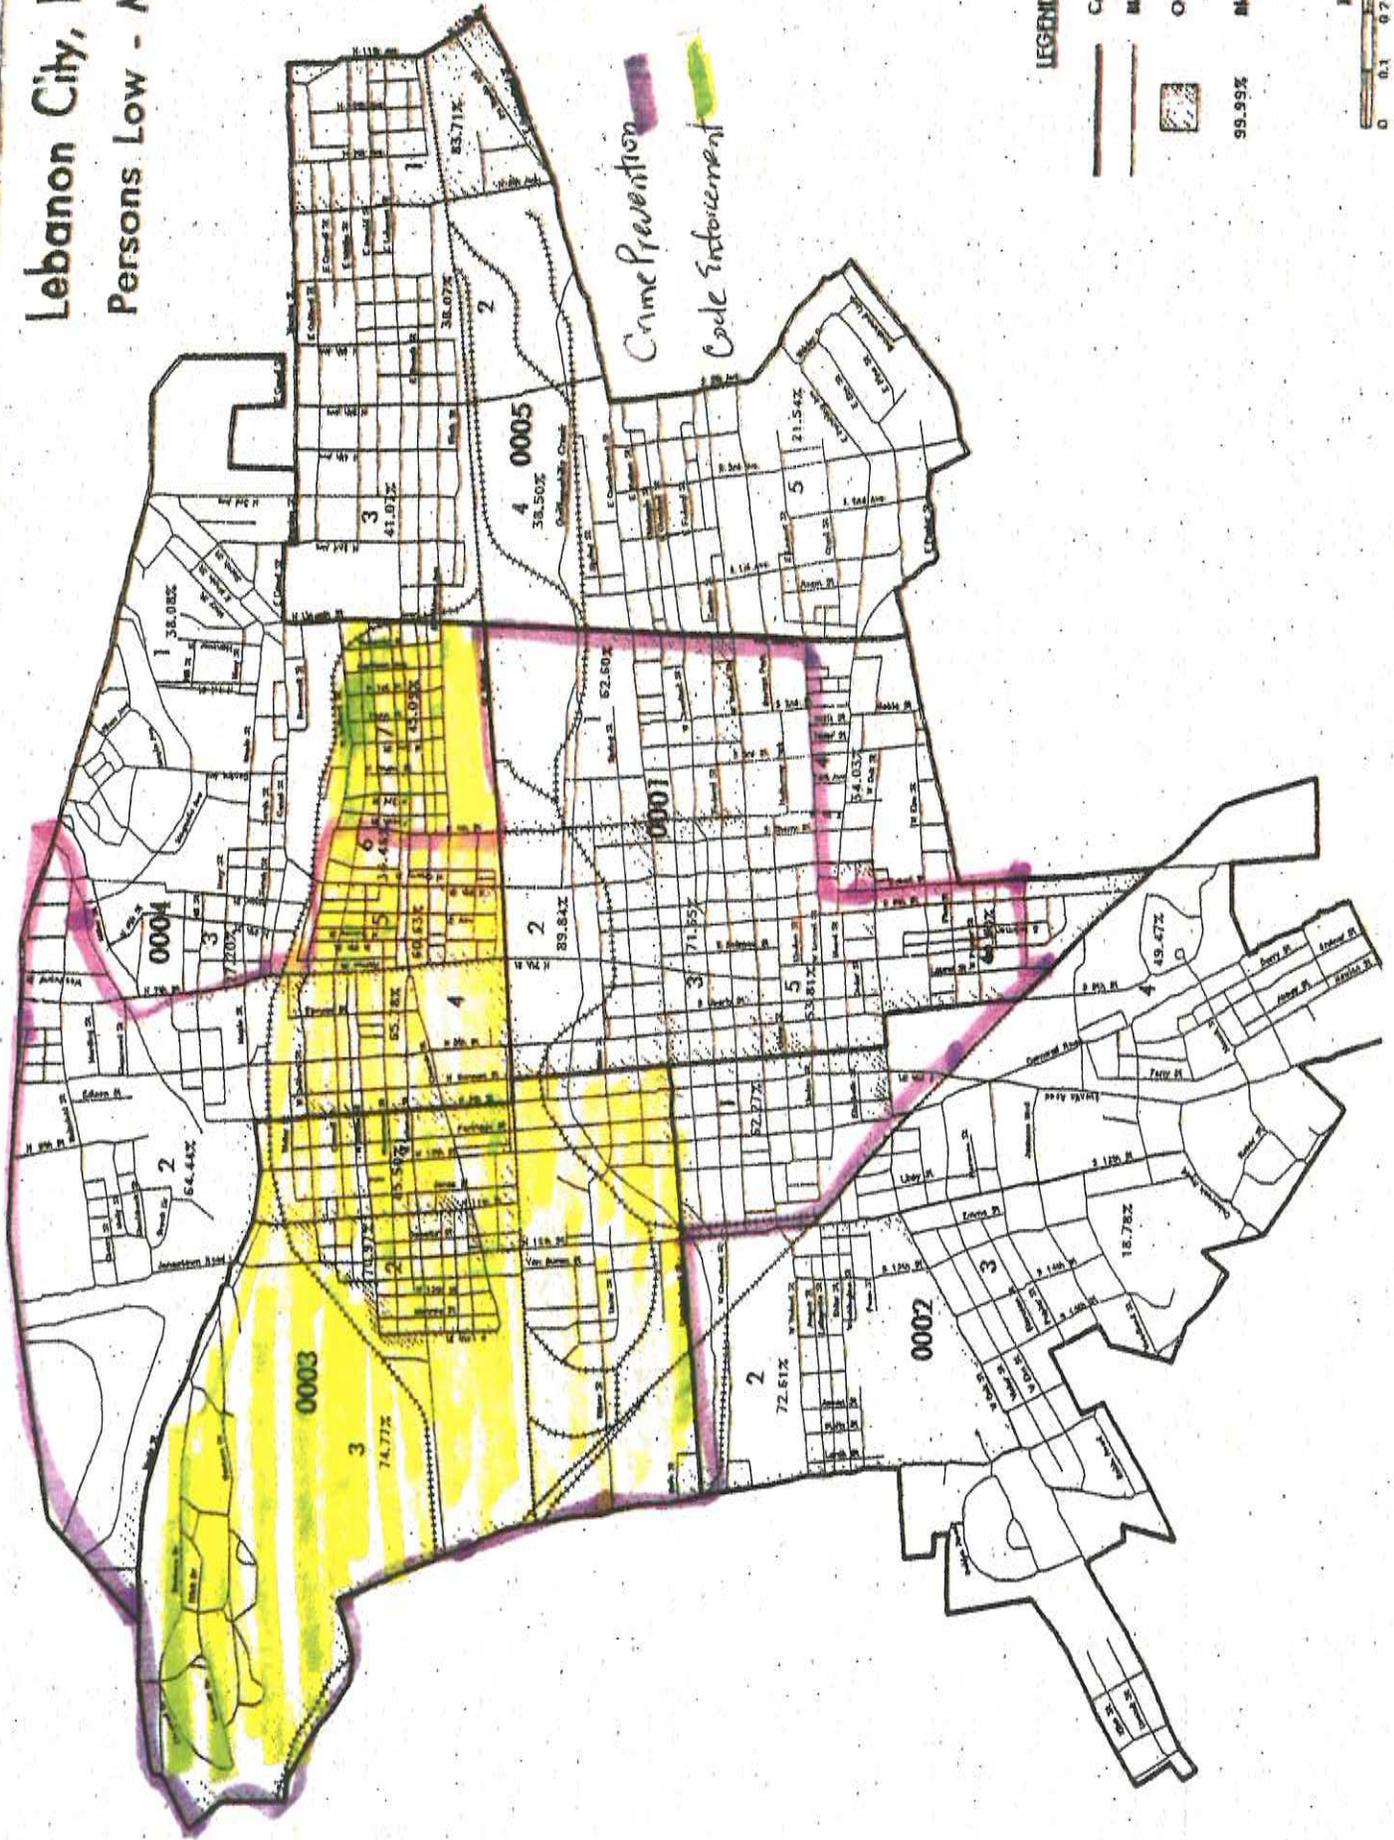

As described above, most activities will serve a low income area as defined by the Census. The attached map depicts project locations. Projects serving low income areas include: Street improvements, crime prevention, and Code Enforcement.

Some projects serve the entire City or may be located city-wide: Housing Rehabilitation, First-Time Homebuyer Program, and Spot Blight Acquisition and Demolition.

Specific census tract benefit information is contained in the chart of activities. The accompanying map depicts site locations relative to areas of minority concentration.

Lebanon City, Le

Persons Low - Mo

e. *Homeless and Other Special Needs Activities*

1. **Emergency Shelter and Transitional Housing Needs**

City staff has been active with the Coalition to End Homelessness, a local task force composed of representatives of agencies that serve low income and homeless persons. However, the Redevelopment Authority is a major sponsor of the Coalition. Lebanon is part of the state organized central area Continuum of Care. Locally, shelter and transitional housing is provided by several agencies. The City would support requests for funding to other government agencies to provide such services.

2. **Prevention of Homelessness**

The Redevelopment Authority administers the state HARP funds which are used to prevent homelessness. Requests for CDBG funds for these activities have not been made. The City would support requests for funding to other government agencies to provide such services.

3. **Help homeless persons make the transition to permanent housing and independent living.**

The City has no direct role in providing services to the homeless. The Coalition to End Homelessness works to strengthen the interagency bonds and to make seamless service delivery available to persons who are homeless.

f. Public Housing

The Lebanon County Housing Authority administers public housing in the City of Lebanon. The Housing Authority has not made any significant changes in the Capital Fund Grant Plan. The agency is listed by HUD as a High Performer. The Housing Authority has prepared a new 5 Year Plan.

g. Anti-Poverty Strategy

The City of Lebanon will continue to pursue economic development in all forms to increase the supply of good-paying jobs available to City residents. Redevelopment efforts in the City are aimed at expanding opportunity for businesses to located in the community and provide jobs for City residents.

In the award of contracts, the City will continue to implement the Section 3 Plan which promotes the utilization of firms owned by low income persons.

h. Lead Paint Strategy

The city has procured and contracted with a Risk Assessor and has rewritten the housing guidelines to properly administer the housing program in a manner consistent with the regulations. Several local contractors attended HUD sponsored Working Safely with Lead Based Paint courses which enable them to undertake work involving lead hazard control. Working with the Lebanon Redevelopment Authority, a strategy has been developed to increase the supply of contractors and other certified technicians available for this type of work. The Risk Assessor will provide paint testing and job specifications, construction oversight and training for contractors. Additional activities are being considered to train other local personnel to work safely with Lead. Based Paint.

I. Other Actions

i. Meeting Underserved Needs

The City of Lebanon will work with social service agencies and the County of Lebanon to identify and develop strategies to meet the needs of underserved populations as identified. The City is not a social service delivery agency and does not address social service needs directly. However, should specific funding requests for programs that address such needs be recommended to the City of Lebanon, City Council will consider these requests.

ii. To foster and maintain affordable housing

The City will continue to provide assistance to low and moderate income households to rehabilitate housing. A majority of the City's housing stock is affordable although often in poor condition. The City of Lebanon recognizes the need to enforce the current codes and ordinances pertaining to housing maintenance. To this end, a code enforcement program was incorporated into the CDBG program and will continue this year.

The Housing Rehabilitation Program continues to support the rehabilitation of affordable housing.

iii. Remove barriers to affordable housing

The major barrier to affordable housing in the City of Lebanon was identified as a gap in what households can afford to pay for housing and the price of housing. As stated previously, the City has a significant affordable housing stock, yet the income level for individual households such as single parent, elderly, disabled, or others of limited economic means, is not sufficient to afford even the lowest of the market rate units. The City will continue to work on economic development to provide better job opportunities, to work with the Housing Authority and social service providers to assist such households.

The City has funded a Homeownership Program, which is administered by the Redevelopment Authority and provides downpayment and closing costs to lower income households that are purchasing a home. Often the huge up-front investment in housing is the only factor prohibiting a household from becoming homeowners. This program will work with private lenders to identify households in need of downpayment and closing cost assistance.

iv. Develop institutional structure

The Office of Community Development will continue to implement the CDBG program and other development programs that the City participates in. The office will continue to be a conduit for federal funds and for implementing the Housing and Community Development Plan. The City will continue to work with the Lebanon Redevelopment Authority, which administers the City's housing rehabilitation and first-time homebuyer programs.

The staff of the office will continue to avail themselves of HUD training and technical assistance to provide more efficient and comprehensive program management and oversight.

v. Enhance coordination between public and private housing, health and social service agencies.

The City will continue efforts to enhance coordination between agencies.

vi. Foster public housing improvements and resident initiatives

As stated in the previous section on public housing, the City takes no direct authority in regards to public housing.

J. Monitoring

The City of Lebanon's Community Development Office will have primary responsibility for monitoring the CP. This office will keep records on the progress toward meeting the CP goals and on the statutory and regulatory compliance of each activity.

For each activity that is authorized under the National Affordable Housing Act, the Department of Community Development will establish fiscal and management procedures that will ensure program compliance and funds accountability, and that reports to HUD are complete and accurate. These programs are subject to the Single Audit Act.

The following outcomes will be measured for each of the goals specified in the annual plan:

CITY OF LEBANON

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

SUBRECIPIENT MONITORING POLICY

APRIL 2010

INTRODUCTION

The purpose of this document is to define the duties and responsibilities of the City of Lebanon and its subrecipients in carrying out projects assisted under the Community Development Block Grant (CDBG) Program. A Subrecipient is any local unit of government or organization that received CDBG funds from the City of Lebanon and is assigned responsibility for contract administration.

The administration of a CDBG funded project represents a dual responsibility of both the City and its Subrecipients. The City of Lebanon acts as the grantee recipient of CDBG funds from HUD. As such, the City assumes overall responsibility for program management. As in most federal funding programs, there are numerous conditions, regulations and rules which govern the CDBG Program, and these are legally imposed upon the City through the grant contract issued by HUD.

Once projects are identified, the City may allocate CDBG funds to subrecipients such as local development organizations. In allocating these funds to a Subrecipient, the City advises its subrecipients that requests for payment will only be honored when file documentation has been received at the OCD that supports the expenditure of CDBG funds. In this manner, the Subrecipient is compelled to provide supportive documentation before a disbursement of CDBG funds will be made. This procedure has been found to be an effective method of insuring the eligibility of every CDBG funded action being carried out by a Subrecipient. The responsibility for submitting project documentation and following acceptable authorization for payment procedures is spelled out through a legal instrument known as a Subrecipient Agreement.

In most cases, the Subrecipient Agreement authorized the subrecipient to contract for CDBG funded improvements. The role of the City is to provide on-going advice and assistance to the Subrecipient in meeting the requirements of the agreement. Since the City is ultimately liable for the expenditure of CDBG funds and the timeliness of project implementation, it is the City's intent to perform certain program management functions to insure the appropriate and timely expenditure of grant funds.

This document is designed to clarify the process of contract administration and to clearly define the function of both parties to the Subrecipient Agreement.

SUBGRANTEE MONITORING

Monitoring will be conducted as follows:

1. Day to day informal contact in person. This involves informing, direction and answering questions of a routine nature.
2. Periodically, as the situation requires, correspondence will be required to document information flow, decisions or requests and responses to information and reporting needs.

3. On a monthly basis or upon request for reimbursement, Subrecipients shall submit the following information:
 - a) Time records indicating payroll costs, as applicable
 - b) Invoices for expenditures approved by subrecipient
 - c) Contractor payroll for Davis-Bacon verification, as applicable
 - d) Program income, if any

**PUBLIC HEARING REGARDING
COMMUNITY DEVELOPMENT BLOCK
GRANT FY 2014 ACTION PLAN**

July 22, 2013

A public hearing regarding the CDBG FY 2014 Action Plan was held on the above date in City Council Chamber, Room 210 of the Municipal Building, 400 South Eighth Street, Lebanon, Chairperson Dissinger presiding.

The hearing was called to order at 6:30 p.m.

Present--Mr. Matula, Mr. Parker, Ms. Royer, Mr. Wertz, and Mr. Dissinger, Chairperson. Absent—none.

Also present were Mayor Sherry L. Capello; City Solicitor Donna L. Brightbill; Director of Administration-Assistant to the Mayor Debra J. Gates; Director of Public Works Gordon Kirkessner; Community Development Administrator Melissa Quinones; Staff Accountant Helen Westphal; Chief of Police Daniel Wright; 10 persons in the audience; and 2 members of the news media.

Ms. Quinones stated the purpose of today's hearing is to obtain the views and comments from individuals and organizations concerning the city's housing and community development needs. She stated that the city anticipates receiving a CDBG entitlement of \$600,000 plus \$20,000 in program income for FY 2014. Mrs. Quinones announced that the deadline for submitting applications to be considered for funding in the 2014 program is August 23, 2013.

The proposed budget will be presented to Council in mid-October for approval at the October Council meeting. Mrs. Quinones stated that funding is used for police protection, water mains, code enforcement, street improvements, administration, the First Time Homebuyers Program, and elimination of blight.

Cornell Wilson, 920 Linden Street, Lebanon, asked if the city will have official notice of the allocation prior to the 2014 budget being finalized. Mrs. Quinones replied that official notice is not received until after the budget is submitted. She added that the city just recently received notice of an increase in the 2013 allocation and a public hearing will be held in the near future to re-budget some of the funds.

Mayor Capello stated that as a result of the decreased funding in the past few years, the community projects were cut from the budget. Additionally, the "fight blight" funding was eliminated. She stated that the funding for fight blight is necessary because from time to time there are buildings in deplorable condition and the property owner walks away. For the safety of the public, the City is sometimes forced to step in and take responsibility for demolition.

Mrs. Quinones also explained that the funding for police protection and administration is limited to 15 and 20 percent, respectively, of the total allocation.

Cornell Wilson asked if the CDBG funds are used to pay for the salaries and benefits of the Code Enforcement Inspectors. Mrs. Quinones replied that 3 part-time positions for code enforcement are funded through the CDBG program.

There being no further questions or comments, the hearing was adjourned at 6:37 p.m.
