

CITY UPDATE

City Hall Access During Streetscape Project

As you may be aware, the City of Lebanon is completing a streetscape improvement project on Cumberland Street from 4th Street to 12th Street. The improvements include new sidewalks, curbing, stamped brick concrete beauty strip and replacing diseased or missing street trees. Most improvements were completed on the southside with a few blocks started on the northside on Cumberland Street in 2023. As of a few weeks ago, the construction on the northside of Cumberland Street restarted.

The preparations for sidewalk demolition has begun in front of Lebanon City Hall. Initial saw cuts will be made to the curb and sidewalk in front of City Hall from 3/25 – 3/27. The demolition of the sidewalk in front of City Hall and the rest of the 700 block will start in the afternoon on 3/28, following the conclusion of the William D. Lebo Memorial Walk. There will be no parking on the northside of Cumberland Street in front of City Hall until the completion of the sidewalk replacement in this area. During construction, City Hall will still be open to the public. We encourage our visitors to park in the 7th & Willow Parking Lot and follow the pathway along the east side of City Hall to our main entrance. You can also still access City Hall from the sidewalk if needed from Liberty Street or 7th Street. For a period of time while construction is taking place, the crosswalk at Liberty Street and Chapel Street will be closed. Please pay attention to your surroundings and use caution when traveling in this area as there may be additional directional signage to follow.

If you have any questions, please contact the Department of Administration, 717-639-2800, Option 5.
